

Solar Powered Ground Light

(6000K+BLUE) Solar ground light: 16 LEDs, Solar panel: Poly-silicon 2V/0.3W,
ni-MH battery: 1 pc 1.2V / 800mAh

6000K + BLUE
2 Lighting Mode

SKU Code: T723-2

Features:

- ▶ **Super bright:** High-efficiency solar panels, which are automatically and quickly charged during the day, and glow when night falls. 16 LED super bright chips can provide about 8-10 hours light up.
- ▶ **IP65 waterproof rating:** enough to cope with heavy rain. Using an aluminum alloy shell, foreign matter and dust will not enter the solar ground light.
- ▶ **Easy to install:** use screws to fix it on the ground, or use double-sided tape to stick it on a flat surface.
- ▶ **Pressure resistance:** The solar coating can withstand a maximum pressure of 2 tons. Even if a car or truck is riding on it, it will not be damaged. Under good lighting conditions, accidents can be prevented.
- ▶ **Widely used:** White solar dock lights can be used on roads, decks, docks, driveways, gardens, sidewalks, backyards, etc.
Please note: When using it for the first time, please click the switch, and then place the solar product under direct sunlight for 6-8 hours to charge the solar product. The solar deck light has only on/off mode, no dimming mode.

Technical Specifications:

Housing color	Grey
Material	Aluminum & PC
LED chip	SMD2835 x 16PCS
Solar panel	2V/0.3W
Battery	1.2V AA Ni-Mh 800mah
Charge time	8hours
Work time	6-8hours
IP Grade	IP65
Bearing weight	2000KGS
Switch type	2 lighting mode:6000K+blue

Warning

- Please check the package received is not damaged and is unopened.
