Description

Introducing our innovative Smart Wi-Fi Dual Lens Outdoor Dome IP Camera. Featuring auto-tracking, human detection, and 25m night vision, this camera ensures comprehensive outdoor security. Enjoy two-way audio and compatibility with Alexa Echo Show and Google Home Assistant. With a 320-degree field of view (with PTZ) on one lense and 120 degree view (by hand movement) and dual screens for intuitive monitoring, this camera is perfect for enhancing your home's security.

Features

- **4MP HD Image & Night Vision:** Provides 4MP (2MP+2MP) full HD clearer images and video both day and night, surpassing ordinary 2MP single lense cameras.
- **Bluetooth Pairing:** Equipped with Bluetooth for fast & easy pairing
- **Human Detection & Real-Time Alarm:** Equipped with human detection to automatically track movements and trigger real-time alarms, sending notifications via the Smart Life app.
- **Two-Way Audio & Multi-User Sharing:** Built-in microphone and speaker allow for communication from your mobile device, and share access with family, friends, or security personnel.

- **SD Card/Cloud Storage & Alexa Compatibility:** Supports 24/7 recording with micro SD card (up to 128GB, not included) or cloud storage, and works with Alexa/Google Assistant for voice control.
- **Real Dual-Screen Security Camera:** Captures more details from all angles compared to traditional single-lens cameras, enhancing surveillance efficiency.

Technical Specifications:

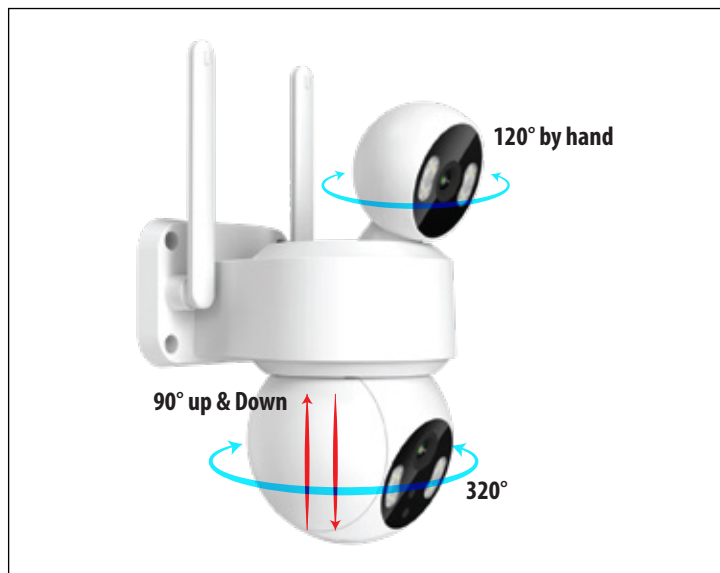

Item	Content	Description
