## Features

- **Solar-Powered Efficiency:**

Powered by a solar panel, this strip light requires no external power source, making it energy-efficient and eco-friendly.

- **Long Working Time:**

With a full charge, the 6Ah battery ensures up to 12 hours of continuous lighting, perfect for all-night illumination.

- **Waterproof and Durable:**

Rated IP65, the silicone-covered strip is designed to withstand harsh weather conditions, making it ideal for outdoor use.

- **Remote-Controlled Convenience:**

Easily control the light with the included remote, offering flexible operation along with light control features for added convenience.

- **Warm White Lighting:**

With a 3000K color temperature, the LED strip produces a warm white glow that creates a cozy and inviting atmosphere in outdoor spaces.

- **RGB Color Control:**

Enjoy customizable lighting with the RGB color spectrum. Use the remote control to switch between different colors and lighting modes for any occasion.
