## Features:

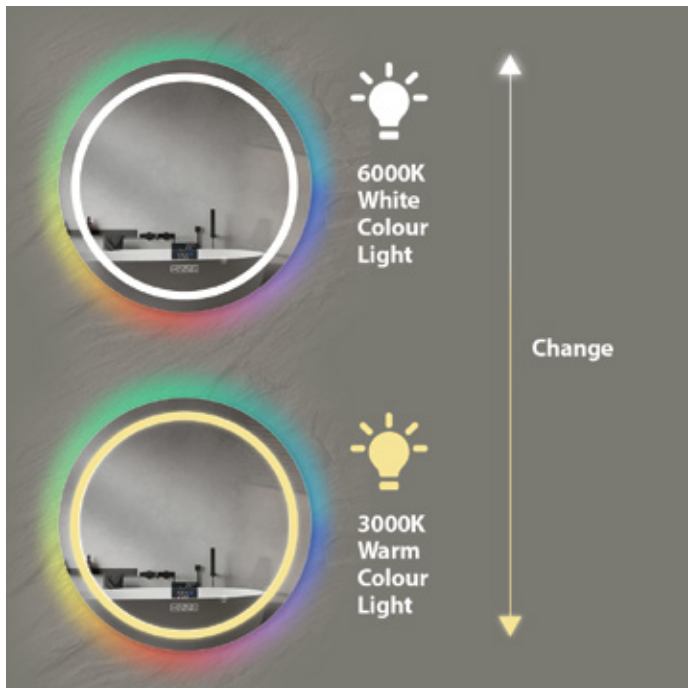

- ▶ **RGB Backlit and Front-lit:** LED bathroom mirror is equipped with both front lighting (Warm White & White) and RGB backlights, allowing users to choose the lighting mode that best suits their needs. The front light provides ample lighting for daily grooming tasks, while the RGB backlights can create a relaxing ambiance in the bathroom.
- ▶ **Anti-Fog:** Equipped with anti-fog technology, the anti fog mirror bathroom remains clear and free of condensation even in a steamy bathroom. This bathroom mirror led light is perfect for those who want a clear reflection during and after a shower.
- ▶ **Built-in Dual Bluetooth Speakers:** Enjoy 360-degree surround sound with our bathroom mirror's built-in dual Bluetooth speakers. Easily pair with your phone to listen to your favorite music or podcasts, you could also picking up the phone by press the button on the surface of the mirror. Creating an immersive audio experience in your bathroom.
- ▶ **Time/Temp Display & Touch Control:** Conveniently integrated into the design, this LED wall mirror provides you with time and temp information while adding a modern touch to your bathroom decoration. With touch switches, you only need a simple touch to change the lighting color and long press to adjust the brightness. connector extension wire provides more convenience for DIY lighting projects.
- ▶ **Easy to Install:** The mirror have 2 hanging piece and the package includes necessary accessories, which makes it easy for wall mounting. Plus, this mirror is available in 2 connection options: choose between plug-in (power cord length 100 cm) or hardwired installation to suit your preferences and electrical setup.
