## Features:

- ▶ **360° Lighting Neon Light Strip:** The design of this new neon led strip is unique. It is made of woven mesh on the outside, silicone in the middle, and the lamp beads are inside the silicone protective case. The unique design makes this led neon strip light shine 360 degrees, meaning it can emit light from any angle. Compared to ordinary outdoor led strip, this new neon light has a larger luminous area and is brighter.
- ▶ **16 Million Colors and Dynamic Effects:** The 5 Meter led strip lights are made of RGBIC lamp beads, which means they can offer a wide range of colors and dynamic effects, effortlessly controllable via a dedicated app. You can easily customize color, brightness and flashing modes to match different scenes and create captivating visual effects. This coloured led strip lights combine practicality and beauty.
- ▶ **Controlled with APP & Remote:** The led rope lights for bedroom support control via mobile apps and remote controls, providing you with more control options. Through the mobile app, you can easily turn the rgbic led strip lights on/off, adjust brightness, customize color, etc. to achieve personalized lighting needs and the remote control is more intuitive & convenient. You can control the rope led lights anytime and anywhere without relying on mobile phones.
- ▶ **Timer Function of Smart Strip Lights:** The leds strip lights come with a built-in timer function accessible through the app. This allows you to schedule automatic on/off times for the lights. You can also personalize the color and brightness settings for waking up and falling asleep, making it a convenient and comfortable lighting experience tailored to your needs.
- ▶ **Waterproof IP65 RGBIC Led Strips:** The led strip light outdoor waterproof boasts an IP65 waterproof rating, providing robust protection against dust and water. This feature ensures its versatility and suitability for use in a wide range of indoor and outdoor environments, even in adverse weather conditions.
- ▶ **Widely Used Bluetooth Neon Lights:** The outdoor strip lights waterproof are suitable for indoor and outdoor use. For indoors, they are ideal for walls, ceilings, floors and furniture in spaces such as restaurants and bars, shopping malls and parties. Outdoors, they can be installed in buildings, walls, trees and signs, billboards, doors, corridors and displays in shopping malls and supermarkets.
