Description

Step into the future of bathroom luxury with the HygienePro Smart Toilet. Designed for ultimate hygiene and comfort, it features an integrated tank, instant water heating, heated seat, warm air drying, and adjustable cleansing options. Enjoy hands-free operation with foot sensors, voice control, and a self-cleaning nozzle system. Built-in UV sterilization, aromatherapy, ambient lighting, and music playback transform every visit into a spa-like experience. With over 25 smart features, including power failure flushing and antibacterial materials, HygienePro is the perfect blend of innovation, style, and convenience.

Features:

- **Instant Water Heating System** – Enjoy warm cleansing water instantly, with adjustable temperature settings for personalized comfort.
- **Voice Control & Remote Operation** – Operate your toilet effortlessly using voice commands or the included remote control.
- **UV Sterilization & Self-Cleaning Nozzle** – Maintain superior hygiene with automatic nozzle cleaning and built-in UV sterilization.
- **Heated Seat & Warm Air Dryer** – Adjustable seat and dryer temperatures ensure a cozy, hands-free experience in any season.
- **Aromatherapy & 256-Color Mood Lighting** – Enhance relaxation with subtle scents and ambient LED lighting for a spa-like vibe.
