Features

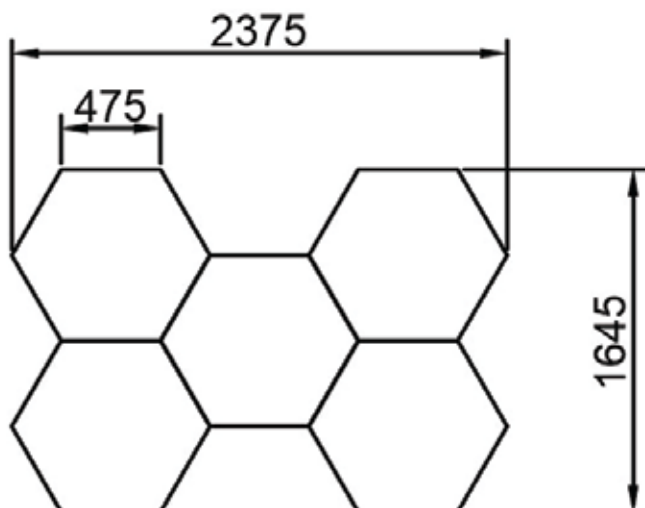

- **Hexagonal Design:** The unique hexagonal design adds an aesthetic touch to the lighting setup, making it suitable for car showrooms and other commercial spaces
- **High Color Rendering:** The lights have a high color rendering index ($CRI \geq 80$), ensuring that the true colors of vehicles or objects are accurately displayed.
- **Daylight-like Illumination:** The color temperature of 6500K mimics natural daylight, providing a bright and clear lighting experience.
- **Flicker-Free:** The lighting solution is designed to be flicker-free, ensuring a comfortable lighting environment.
- **Versatile Installation Options:** The lights can be surface-mounted or suspended from the ceiling, offering flexibility in installation. Suspended installation requires Hanging Kits.
